

Performance Goal Plan Worksheet 2008

Creating your performance goals

Meet with your supervisor to discuss and identify your specific performance goals for 2008 and ensure they are aligned with department, business unit, and System goals. Circle the pillar related to each of your goals and complete the goal plan.

Copy this form to write additional goals and bring all completed worksheets with you to the online performance management training (beginning late March), where you will input your goal plans into the system.
